A detailed view of a LEGO Technic assembly. It features a central blue 1x7 beam. On top of the beam, there are several black Technic components, including a 1x3 plate and a 1x2 plate. A black motor is attached to the right side of the beam. A black pulley is connected to the motor's output shaft. The assembly is supported by black Technic pins and axles. The background is a solid light blue color.

A blue and black LEGO Technic assembly, likely a motor or actuator, with a grey gear and a black axle. The assembly is shown from a side-on perspective, highlighting its mechanical components.
